AGENDA			
Topic	Speaker	Time	
Breakfast and check-in		8:00 - 8:30 AM	
Welcome & Icebreaker	Darcy Shargo, MFA CEO Maine Primary Care Association Rhonda Metz Founder/CEO Health Initiatives Consulting	8:30 - 8:45 AM	
We Are the Gardeners of Grass-Roots Driven Success We've been told for years that using an EHR and data were going to transform how we provided care. It certainly has. Now let's talk about how we transform the use of the EHR and data so that they work for us! Individually we may not find our way through these choking weeds, but together we can create a garden from chaos and achieve data-centric success.	Loretta Khangura, MPH, BSN, PCMH-CCE VP of Practice Transformation & Innovation (Data Poet) Health Initiatives Consulting	8:45 - 9:45 AM	
CHCNet Current State – “Our Data-Centric Journey, Past, Present and Future” During this session we will review the Network’s data-centric journey and leverage past and current state assessment and innovations successes, challenges and promising best practices as a data-driven pathway to guide future success. We will assess FY19 value-based goals and objectives and begin to advance a collaborative framework and <i>TrueNorth</i> ” compass that drives stakeholder engagement and multi-program alignment and cultivates a data governance care delivery model that is innovative and demonstrates measurable margin, mission and strategic value-add at the macro and micro-levels.	Rhonda Metz Deryl Metz, President Health Initiatives Consulting Jerry Lassa Principal Data Matt3rs Industry Advisor to Health Initiatives Consulting	9:45 - 10:45 AM	

MAINE PRIMARY CARE ASSOCIATION CHCNET SUMMER LEARNING RETREAT

Sept 13th, 2019

Break		10:45 - 11:00 AM
<p>Peer-to-Peer Sharing – New Initiatives Spotlight -“Data Innovation 3.0, The Next Generation of Power BI”</p> <p>In this session attendees will learn about the latest and greatest in next generation data innovations being used by some of the industry’s highest performing health centers and networks. Attendees will see how this next generation platform we call “Data Innovation 3.0” enhances end-users access to whole-person data access and visualization needed to drive efficient goal-based actions, outcomes, improvements and measurable clinical and business KPI success and ongoing profitability.</p>	Jerry Lassa	11:00 AM - 12:00 PM
<p>Lunch</p> <p>Peer-to-Peer Sharing – Leveraging Clinically Integrated Data and Lessons Learned to Accelerate Strategic Pay-For-Performance and Network Value</p> <p>In this lunch session, attendees will hear from industry leader and CEO of the Michigan Community Health Network (MCHN), a Clinically Integrated Network (CIN) formed to improve the quality and efficiency amongst its 33+ member organizations and pursue innovative reimbursement arrangements with various managed care and other healthcare payers across the state. Attendees will learn about data-driven business and clinical integration strategies that have been implemented to facilitate and empower more profitable contract negotiations with health plans on behalf of all members (i.e. joint contracting) and how working together as a network that leverages the power of meaningful “full-spectrum” data access and transparency has helped to secure payer contracts which optimally support the innovative service delivery models employed by MCHN members.</p>	Russ Kolski, RN/BSN, MBA, Lean Six Sigma CEO Michigan Community Health Network (MCHN)	12:00 - 1:00 PM
Break and Networking Time		1:00 - 1:30 PM
<p>Data Governance & Visibility: Outcomes and Incomes (Part I)</p> <p>Gain an understanding of the complexity, importance, and impact that data governance has on delivering the best quality of care to our communities, while demonstrating this to our funders.</p>	Loretta Khangura Peter Cummings, MS Biostatistics, BS Kinesiology Director, PHM Innovation & Data Forensics Health Initiatives Consulting	1:30 - 2:30 PM
Break		2:30 - 2:45 PM
<p>Data Governance & Visibility: Outcomes and Incomes (Part II)</p> <p>In this second part of the presentation, we’ll discuss how to set priorities and what it means to have meaningful data. Leveraging technology for data access and visibility is key!</p>	Loretta Khangura Peter Cummings	2:45 - 3:45 PM
<p>Wrap-up and Closing Remarks</p> <p>Bring All Sessions Full-Circle</p>	Loretta Khangura	3:45 - 4:15 PM
