

MAINE PRIMARY CARE ASSOCIATION CHCNET SUMMER LEARNING RETREAT		Sept 13 th , 2019	
		8:00 AM – 4:15 PM	
		Lucerne Inn, Dedham	
Meeting contact:	Greta Cummings: gcummings@mepca.org	Type of meeting:	Summer Learning Retreat
Facilitator:	Rhonda Metz Founder/CEO Health Initiatives Consulting	Co-Facilitator:	
Theme:	Inspire – Innovate – Accelerate - Transform		
Attendees:	HCCN Advisory Board		
Learning Objectives:	<ol style="list-style-type: none"> Attendees will learn about the HCCN’s data-centric successes, challenges and the promising best practices that resulted in advanced care delivery innovations, along with how progress made can accelerate the advancement of the HCCN’s FY19 mission, strategic goals, and data-centric innovation and value add success. Attendees will gain new insights on the impact and value the HCCN offers member organizations and how collaborative business and clinical integration strategies can be implemented to reduce population-centric total cost of care and facilitate more profitable VBP contracting. Attendees will learn why investments in good data governance strategies and resources are so critical to whole-person care delivery and the overall health of an organization’s clinical and business success. 		
AGENDA			
Topic	Speaker	Time	
Breakfast and check-in		8:00 - 8:30 AM	
Welcome & Icebreaker	Darcy Shargo, MFA CEO Maine Primary Care Association Rhonda Metz Founder/CEO Health Initiatives Consulting	8:30 - 8:45 AM	
We Are the Gardeners of Grass-Roots Driven Success We’ve been told for years that using an EHR and data were going to transform how we provided care. It certainly has. Now let’s talk about how we transform the use of the EHR and data so that they work for us! Individually we may not find our way through these choking weeds, but together we can create a garden from chaos and achieve data-centric success.	Loretta Khangura, MPH, BSN, PCMH-CCE VP of Practice Transformation & Innovation (Data Poet) Health Initiatives Consulting	8:45 - 9:45 AM	
CHCNet’s TrueNorth: Changing the Status Quo of Healthcare Innovation During this session we will review past HCCN goals and objectives and reflect on various care delivery innovation models that worked and presented measurable key performance indicator (KPIs) success at the macro and micro levels. We will leverage current state assessment findings and data-driven outcomes and value add to construct a promising best practices framework that enhances stakeholder engagement, facilitates multi-program alignment, and	Rhonda Metz Deryl Metz, President Health Initiatives Consulting Jerry Lassa Principal Data Matt3rs Industry Advisor to Health Initiatives Consulting	9:45 - 10:45 AM	

cultivates a data driven culture that is innovative and demonstrates measurable margin, mission and value-add.		
MAINE PRIMARY CARE ASSOCIATION CHCNET SUMMER LEARNING RETREAT		Sept 13th, 2019
Break		10:45 - 11:00 AM
<p>Peer-to-Peer Sharing – New Initiatives Spotlight -“Data Innovation 3.0, The Next Generation”</p> <p>In this session attendees will learn about the latest and greatest in next generation data innovations being used by some of the industry’s highest performing health centers and networks. Attendees will see how this next generation platform we call “Data Innovation 3.0” enhances end-users access to whole-person data access and visualization needed to drive efficient goal-based actions, outcomes, improvements and measurable clinical and business KPI success and ongoing profitability.</p>	Jerry Lassa	11:00 AM - 12:00 PM
<p>Lunch</p> <p>Peer-to-Peer Sharing - Learnings from the Michigan Clinically Integrated Network</p> <p>It is clear that health care is moving from a production approach (paid for care provided) to an outcomes-based approach and FQHC’s are ideally suited to providing care under Value Based Contracts. In this session attendees will learn why collaboration between Primary Care Associations, Health Center Controlled Networks, Clinically Integrated Networks and Health Centers are valuable. Participants will hear innovative approaches that make the path to success, while not easy, are clinically and financially rewarding in the end if all resources are properly aligned.</p>	Russ Kolski, RN/BSN, MBA, Lean Six Sigma CEO Michigan Community Health Network (MCHN)	12:00 - 1:00 PM
Break and Networking Time		1:00 - 1:30 PM
<p>Data Governance & Visibility: Outcomes and Incomes (Part I)</p> <p>Gain an understanding of the complexity, importance, and impact that data governance has on delivering the best quality of care to our communities, while demonstrating this to our funders.</p>	Loretta Khangura Peter Cummings, MS Biostatistics, BS Kinesiology Director, PHM Innovation & Data Forensics Health Initiatives Consulting	1:30 - 2:30 PM
Break		2:30 - 2:45 PM
<p>Data Governance & Visibility: Outcomes and Incomes (Part II)</p> <p>In this second part of the presentation, we’ll discuss how to set priorities and what it means to have meaningful data. Leveraging technology for data access and visibility is key!</p>	Loretta Khangura Peter Cummings	2:45 - 3:45 PM
<p>Wrap-up and Closing Remarks</p> <p>Bring All Sessions Full-Circle</p>	Loretta Khangura	3:45 - 4:15 PM
