

 MAINE PRIMARY CARE ASSOCIATION CLINICAL EDUCATION RETREAT		Thursday May 25 th , 2023	
		8:45 AM – 4:30 PM	
		Hybrid: Virtual via ZOOM In-person @ Maine State Library 242 State Street, Augusta, ME 04330	
Meeting contact:	Andrea Watkins awatkins@mepca.org	Type of meeting:	Clinical Education Seminar - Hybrid
Facilitator:	Christopher Pezzullo, DO Chief Clinical Officer, MPCA Clinical Director, MePCA PSO	Co-Facilitators:	Kristen Tounzen, MPH Clinical Quality & Safety Program Manager MPCA Ashley Cleary, BS PSO Program Coordinator MPCA
Target Audience:	Medical, Behavioral Health & Dental Providers, Pharmacists and clinical staff		
Learning Objectives:	<p>Cervical Cancer: Prevention, screening and guideline updates for primary care and women’s health providers – Hannah Jones</p> <ul style="list-style-type: none"> Review the significance of cervical cancer and our role in prevention Discuss the role of HPV in the development of cervical cancer Outline Gardasil Vaccine guidelines Examine the new ASCCP 2019 guidelines for cervical cancer screening <p>Public health updates from Maine CDC: mpox, Hepatitis C, and Influenza– Dr. Isaac Benowitz, Dena Bushman, Anna Krueger, Chloe Manchester</p> <ul style="list-style-type: none"> Describe the clinical approach to monkeypox: who is at highest risk, how to prevent infection, how to diagnose and treat infection Describe trends in Influenza in Maine and the importance of specimen collection and testing in Influenza surveillance in Maine Describe trends in Hepatitis C and perinatal Hepatitis C and current strategies to address Hepatitis C in multiple key populations <p>Safe Table: Telehealth– Andrew Martin, Patricia Giuffrida, Susan Whittaker</p> <ul style="list-style-type: none"> Identify potential adverse event hazards to care facilities using telehealth services Define litigation and healthcare organizational risk Implement mitigation strategies to reduce the occurrence of telehealth events <p>A Conversation on Precepting in Maine’s FQHCs – Emily Ferry, Jennifer Gunderman</p> <ul style="list-style-type: none"> Discuss benefits to hosting students and precepting Discuss what infrastructure is needed for FQHC sites to create successful preceptor models. Discuss successful innovative precepting practices. Hear successes from students and preceptors in Maine’s FQHCs <p>Navigating Cognitive Impairment in Older Adults – Amy Madden</p> <ul style="list-style-type: none"> Understanding cognitive screening vs. case finding Leveraging the Annual Wellness Visit as a touch point for screening Next steps for patients presenting with memory concerns or a positive cognitive screen <p>Building Our Largest Dementia Infrastructure for Alzheimer’s (BOLD) Focus Group – Jen Cunningham, Karen Hallenbeck</p> <ul style="list-style-type: none"> Understand the extent to which FQHC sites understand ADRD risk factors and its early signs Understand how FQHCs currently administer cognitive assessments and implement care planning Understand what the challenges are with communicating an ADRD diagnosis Understand what the gaps are in knowledge and training 		

AGENDA ITEMS		
Topic	Facilitator	Time
Welcome & Introductions <ul style="list-style-type: none"> • <i>Agenda review</i> • <i>Zoom instructions and housekeeping</i> • <i>Call to Action</i> 	Christopher Pezzullo, DO Chief Clinical Officer MPCA Ashley Cleary PSO Program Coordinator MPCA	8:45 - 9:00 AM
Cervical Cancer: Prevention, screening and guideline updates for primary care and women’s health providers <i>This presentation will review the relevance of cervical cancer in the United States, the importance of screening as well as prevention. We will review guidelines for prevention via the Gardasil vaccine as well as the updated 2019 cervical cancer screening guidelines.</i>	Hannah Jones, MD Northern Light Women’s Health	9:00 –10:15 AM
Updates on Clinical Issues in Maine <i>Dr Isaac Benowitz, and other leaders from the Maine CDC, will give updates on infectious diseases currently or potentially impacting Maine, including Influenza, Hepatitis C and M Pox.</i>	Isaac Benowitz, MD State Epidemiologist Maine CDC	10:15 – 11:00 AM
Break/grab your lunch <i>Neil Korsen, MD, MSc, Faculty Scientist at MaineHealth Institute for Research, will join us for a brief update on research opportunities</i>	<i>(lunch provided for in-person attendees)</i>	11:00 – 11:30 AM
Safe Table – Telehealth <i>A data driven exploration of telehealth services, trends related to event reports that have been submitted to the PSO, evidenced based recommendations on how to address the concerns identified by the analysis and a review of ECRI resources the MePCA PSO makes available to their members through the MePCA PSO Portal.</i>	Andrew Martin, MSN, RN, CPHRM Patient Safety Analyst ECRI Institute Jeraldine Stolfus Manager, Patient Safety Organization & Safety Solutions ECRI Institute Susan Whittaker, CPC, CPMA Training & Risk Management Program Manager MPCA	11:30 AM - 1:00 PM
Break		1:00 - 1:10 PM
A Conversation on Precepting in Maine’s FQHCs <i>Precepting is a big conversation. A lot of state and federal funding are being directed to training pathways, training/education expansion, and clinical rotations. However, hosting students and expanding on-site training is a struggle in the current healthcare climate. We want to have a conversation about the realities of precepting, what is needed to build a successful precepting infrastructure specific to FQHC environments.</i>	Emily Ferry, MSW Director of Workforce Initiatives MPCA Jennifer Gunderman, MPH University of New England AHEC Director/Workforce Team Lead	1:10 – 2:10 PM
Navigating Cognitive Impairment in Older Adults <i>As part of the Building Our Largest Dementia Infrastructure (BOLD) grant work through the Maine CDC, HealthReach has been participating and working on streamlining their cognitive screening processes by updating their Annual Wellness Visit. Dr. Amy Madden will be joining us to speak about the revamping of their annual wellness visit and all of the tools</i>	Amy Madden, MD HealthReach Community Health Centers	2:10 – 2:40 PM

<p><i>that they're using to increase cognitive screening, diagnosis, and care planning of patients with ADRD.</i></p>		
<p>Building Our Largest Dementia Infrastructure for Alzheimer's (BOLD) Focus Group <i>Maine CDC is partnering with MPCA to promote education about the importance of risk reduction and early diagnosis of Alzheimer's Disease and Related Dementias (ADRD). The results of this focus group will help Maine CDC enhance its education about ADRD and identify training needs as well as inform broader program strategy development.</i></p>	<p>Jen Cunningham Public Consulting Group</p> <p>Karen Hallenbeck Public Consulting Group</p>	<p>2:40 – 3:20 PM</p>
