Policy Update

Maine Dental Board Releases Guidance on “Remote Care/Teledentistry”
On Thursday, April 23, the Maine Board of Dental Practice released interim guidance regarding the use of remote care/teledentistry to triage and screen patients during the COVID-19 pandemic. Attention now turns to MaineCare as they are expected issue clarifying guidance shortly around how these services can/should be billed.

President Signs Bill to Provide Interim COVID-19 Relief
On Friday, April 24, President Trump signed an interim COVID-19 relief bill providing a nearly $500 billion infusion of coronavirus spending, which includes an additional $310 billion for the Small Business Administration’s Paycheck Protection Program, $75 billion in emergency funds for health care providers, and $25 billion in COVID-19 testing support - $600 million of which is reserved for community health centers.

Congressional Delegation Meetings this Week
MPCA is scheduled to meet with Reps. Chellie Pingree and Jared Golden on Wednesday, April 29, to discuss the financial, operational and workforce impact COVID-19 is having on Community Health Centers. As part of these discussions, MPCA will be working to secure a commitment from our delegation to address the urgent need for Medicare payment parity for audio-only telehealth.

Guidance for Waiving Sliding Fee Scale (SFS) Fees
Health centers are permitted - but not currently required - to waive SFS for COVID-19-related evaluation and testing. However, health centers who want to waive these fees should take specific steps to ensure compliance. These steps are outlined here.

BPHC Extends All Progressive Action Conditions by 90 Days
BPHC has published an FAQ stating that due to the pandemic, the “due dates for responses to Progressive Action conditions will be extended an additional 90 days.” Additional extensions may be provided as needed. Nonetheless, SAC applicants with outstanding conditions at the time of award will still be limited to a one-year project period. For more information, see the BPHC FAQ page.

Trump Administration Announces New Nursing Homes COVID-19 Transparency Effort
On April 19, under the leadership of President Trump, the Centers for Medicare & Medicaid Services (CMS) announced new regulatory requirements that will require nursing homes to inform residents, their families and representatives of COVID-19 cases in their facilities. In addition, as part of President Trump’s Opening Up America, CMS will now require nursing homes to report cases of COVID-19 directly to the Centers for Disease Control and Prevention (CDC). This information must be reported in accordance with existing privacy regulations and statute. This measure augments long standing requirements for reporting infectious disease to state and local health departments. Finally, CMS will also require nursing homes to fully cooperate with CDC surveillance efforts around the spread of COVID-19.
**POLICY UPDATE (CONT’D)**

**CMS Releases Additional Waivers for Long-Term Care Hospitals, Rural Health Clinics, Federally Qualified Health Centers and Intermediate Care Facilities**

CMS continues to release waivers for the healthcare community that provide the flexibilities needed to take care of patients during the COVID-19 public health emergency. CMS recently provided additional blanket waivers related to caring for patients in Long-Term Care Hospitals (LTCHs), temporary expansion locations of Rural Health Clinics (RHCs) and Federally Qualified Health Centers (FQHCs), staffing and training modifications in Intermediate Care Facilities for individuals with intellectual disabilities, and the limit for substitute billing arrangements (locum tenens). **Complete guidance:** [COVID-19 Emergency Declaration Blanket Waivers for Health Care Providers](#)

**CMS Reevaluates Accelerated Payment Program and Suspends Advance Payment Program**

On April 26, the Centers for Medicare & Medicaid Services (CMS) announced that it is reevaluating the amounts that will be paid under its Accelerated Payment Program and suspending its Advance Payment Program to Part B suppliers effective immediately. The agency made this announcement following the successful payment of over $100 billion to healthcare providers and suppliers through these programs and in light of the $175 billion recently appropriated for healthcare provider relief payments. Health Center Leaders Encouraging Resilience & Finding Inspiration (NACHC)

Inspired by the powerful words of Dan Miller, MD, Physician and Chief of Residency Training and Behavioral Health Integration at Hudson River HealthCare, in NY, reminding us that "it's a time for us to lead and act from our hearts and our heads... it's a time for us to maintain rational thought while cleaving still and always to empathy and compassion," NACHC invited several health center leaders to offer further encouragement and inspiration during these extraordinary times. Community Health Centers are leading with courage and innovation on the frontlines of COVID-19. They have answered the call!

In this first video from the series Health Center Leaders Encouraging Resilience and Finding Inspiration, Kim Schwartz, Chief Executive Officer at Roanoke Chowan Community Health Center in Ahoskie, NC, reminds us that "we signed up for just such a time as this." Watch Video Now
